Sunday 19th January 2025 www.northtynesidecatholic.org.uk/

Mass times online on Facebook and at St. Cuthbert's each Sunday at 11am. Fr. Chris Hughes can be contacted on 257 5801. St. Cuthbert's children were out and about in North Tyneside last week and our Year 5 and 6 children enjoyed their first bike ride of 2025. Taking out learning outdoors is very important and it helps our children work in teams with other children from their class and across school. Being active also helps our physical and mental well-being and working with many other people helps us build and maintain the fantastic community we have at St. Cuthbert's.

Our attendance of the week winners this week are Year 4 with a near-perfect for the week! 99.3% Can we remind all families that we ask you to contact us at school when your child is absent from school for any reason at all. There is information about the impact of attendance and punctuality on your child's education available on our school website, you can find it on the [Attendance and Term Dates](#) page.

Year 2	88.3

A big part of St. Cuthbert's school life is the clubs and activities that take place throughout the year and the amount that is available for all children and families across school. Our Ofsted survey results show that 100% of families agree that we have lots of clubs and activities on offer and all our clubs are packed so we know how popular they are. We also take part in lots and lots of events across North Tyneside and further afield, many linked to our curriculum and many for enjoyment. All our clubs and participation in after-school events happen because our staff give up their time to make taking part possible. Without this commitment from our staff, we wouldn't be able to have so much on offer. St. Cuthbert's staff team do what they do because they strongly believe that all children should have access to the same opportunities, to play and enjoy themselves with children from other classes, to get to know all our staff and to feel a sense of belonging to St. Cuthbert's amazing community. Thank you once again for your amazing support at all times, working together helps us all make St. Cuthbert's a brilliant place to be for all members of our community, especially our children and it allows us to provide them with so many opportunities to thrive and flourish.

Mass times online on Facebook and at St. Cuthbert's each Sunday at 11am. Fr. Chris Hughes can be contacted on 257 5801 can face challenges at different times and The [Wellbeing Hub](#) is an online resource which could possibly be of help.

Can we remind all families that you must let us know who is collecting a child after school if you, the person who would normally do the collection, isn't? If you need to change arrangements at the last minute please phone the school office and let us know, this helps avoid asking the person who has come to collect the child waiting around unnecessarily and helps us ensure all our children are where they are supposed to be. If the person collecting your child is someone we don't know or haven't met often we may ask you for a word or phrase that they can repeat to us, therefore confirming who they are.

If you have any concerns about your child's, or another child's safety, including their online safety, or questions about behaviour we always ask that you speak to us at school. It is important that we are part of discussions that may be happening around children's behaviour and welfare.

We record incidents and concerns electronically on our CPOMS system and we work very closely with Clennell Education Solutions to make sure all our staff are up to date with the best safeguarding training available and to provide leading professional advice when requested. This means that we have a broad picture of anything that is happening at school and, with your help, we can make sure any concerns are addressed quickly and do not escalate or lead to children or families falling out. If you have a concern that you feel needs attention immediately, and it is outside of normal school hours, you can contact the North Tyneside Safeguarding Team's Front Door service on 0345 2000 109 during office hours or 0330 333 7475 during the evening or at weekends. We work in partnership with the team and they will inform us at school of any referrals made to them during weekends, evenings, and holidays when school is closed. You can also find out more information about safeguarding in North Tyneside on their [website](#) and our [school website](#).

As a school St. Cuthbert's were involved in being part of the management committee that set up the PACT MumSpace group that runs in North Shields. MumSpace is a warm, welcoming, friendly group, for mothers run by mothers. MumSpace is a charity run so free to join. Within the group, mums have half an hour of "their time" whilst the amazing volunteers look after the children. This space and time can be used to have a hot cup of coffee and a chat, talk to other mums alike, or invite outside organisations in to give advice, it's the mothers' space it's up to them to decide what to do with it. The group is for pregnant mums or mums with children up to the age of 4. MumSpace is run on a Thursday morning from St Cuthbert's Church from 9.30-11am or Tuesday afternoon 12.30-2pm at St Luke's Church in Wallsend on Frank Street just off the

Mass times online on Facebook and at St. Cuthbert's each Sunday at 11am. Fr. Chris Hughes can be contacted on 257 5801 Metro station. For more information see their Facebook page = MumSpace North Tyneside or contact Wendy McConnell at 07950426786 or wendy.mcconnell@citizensuk.org

As part of our work with PACT we are inviting families with children between the ages of 2 and 4 to join us for our Book Sharing Course which we are hosting at school with Wendy. The sessions take place at school from 2.15pm- 3.15pm. We have run these sessions in the past and they have been very successful and a brilliant way to get ideas and support in helping develop children's love of stories, books and language. Further information about the programme is near the end of this newsletter.

We are asking all families to make sure you pre-order your children's lunches as this is the only way to ensure they get what they want each lunchtime. All children who have a school lunch must pre-order- this includes children in Reception Class, Year 1 and Year 2 who are all entitled to free school meals through the Infant Free School meals scheme.

Thank you once again to everyone who has signed up for your Appetite account and to everyone who is using it to pre-order children's school lunches. It is very, very important that you get your account set up as it allows you to see the menu for the coming weeks, including all the dietary and nutritional information you might want to see. No child will ever be left hungry and the staff in our kitchen know all our children well. If you have any questions about the new school meals system or menu, or need help with the app or using the Appetite service online, please get in touch with us at school.

We would like to remind families that we have a no-jewellery policy for children at St. Cuthbert's, the only exceptions to this are that children can wear a watch and if they have their ears pierced they can wear a small stud- not hoops. Can you please make sure your child doesn't wear any jewellery to school, especially on their outdoor learning day when a few have started to wear chains, necklaces, or bracelets. Outdoor learning day clothes should be old clothes, suitable for the weather, that will get dirty and, most likely smell of smoke by the end of the day.

We get lots of questions at school about keeping children safe online when they are away from school. We have begun information posters from National Online Safety and these will be helpful as they provide up-to-date advice on how to manage different services and apps for children at home. The Think You Know website is also very useful for advice and information and you can find it by clicking the link below. The site is aimed at adults and the subjects are about keeping children safe online.

If you need to speak to a class teacher you can contact them through Tapestry, phone the school office to make an appointment or pass on a message or catch them at the end of the school day once all children have been passed over to their families. Our school day ends at 3.25 pm for all children. Can we also please remind families that dogs, no matter how small, are not permitted through the school gates or on the school playground. We have over 500 people on the playground at the start and end of each day and we all greatly appreciate your help and support in keeping our school as safe as possible and our school days running smoothly for everyone.

Thank you to everyone who is using Easyfundraising.

Thank you to everyone who has been using Tapestry, our keepingintouch@stcuthbertsrprimary.co.uk email, and school phone to keep in touch with school staff. Lines of communication must be kept as open and honest as possible between school and home as we work hard to keep our open-door policy and approach going by making so many ways to keep in touch available. **As highlighted in the past we don't use Facebook or WhatsApp or any other social media apart from Twitter (which we don't use to answer questions),** and we won't be setting up accounts on either medium. If you have any questions, or concerns, or need to chat with a member of staff at school please make sure you use one of three methods we have put in place:

- Message a member of staff on Tapestry with messages regarding work, arrangements for the school day for your child, etc. All staff have access to Tapestry.
- Email keepingintouch@stcuthbertsrprimary.co.uk. You should email this address if you want to discuss or inform of us anything that is more confidential. Emails to this address are only read by Mrs. Cottiss and Mr. Dillon. Please do not use this email for day-to-day things like questions about what is happening at school. We cannot guarantee that your question will be answered on time this will only happen by contacting the school office.

<https://www.stcuthbertsrcprimary.co.uk/safeguarding> and they outline our approaches and policies to safeguarding throughout school. You will also find a copy of our safeguarding policy that we share with the children. It has been written to be accessible to the children and goes alongside all the work we do with them throughout the year. We teach safeguarding and staying safe through many different subjects and you will see the weekly online safety posters we add to every newsletter that we send out. Throughout the year we also have online safety lessons with all children and these range in topic from what to do if a child feels unsafe, how to create the best usernames and passwords and how to judge if the information you are reading or watching is genuine and accurate. We also hold online safety sessions for families each year to help you keep your children safe online at home. If you have any questions about safeguarding at St. Cuthbert's please get in touch by emailing keepingintouch@stcuthberts.email or speaking to Mr Dillon or Mrs Cottiss who you can find on the school playground at the start of each day or by phoning the school office.

What Parents & Educators Need to Know about

TIKTOK

WHAT ARE THE RISKS?

Adults tend to associate online videos with YouTube – but among teens, TikTok is king. The app provides a stream of short clips tailored to users' interests, based on what they've already watched. Around half of British children use TikTok, and while much of the content is benign, Ofcom considers it the app where youngsters "were most likely to encounter a potential harm".

AGE-INAPPROPRIATE CONTENT

While TikTok's following feed only displays videos from familiar creators, for you is a collection based on a user's previously watched clips. Most of these videos will probably be inoffensive, but the app could potentially show something unsuitable. If children then engage with this content, more like it will follow. TikTok's guidelines prohibit the sharing of illegal or inappropriate content, but the huge number of uploads means that a small amount inevitably slips through.

CONTACT WITH STRANGERS

With more than 1.5 billion users globally, the potential for contact from strangers on TikTok is high – especially as accounts created by over-16s (or young people using a fake date of birth) are set to public by default. This means that not only is someone's profile visible to everyone else on the app, it also suggests their videos to others and enables anyone to download or comment on them.

BODY IMAGE AND DANGEROUS CHALLENGES

According to Ofcom, most online harms for teens are body image related for girls (promoting unhealthy eating, body shaming and so on) and dangerous stunts for boys. Both are prevalent on TikTok. One extreme example of the latter was the "blackout" trend, which encouraged users to hold their breath until they passed out from a lack of oxygen. This led to two families filing lawsuits against TikTok over the tragic deaths of their children.

MISINFORMATION AND RADICALISATION

Although the short videos on TikTok tend to be more frivolous than the longer ones on YouTube, clips can still influence impressionable minds in a negative way. Not only is there plenty of dangerous misinformation on TikTok, but Ofcom reports that nearly a third of 12 to 15-year-olds use TikTok as a news source – so you should be wary of misogynistic, racist or conspiracy-themed material shaping how they see the world.

ADDICTIVE DESIGN

With its constant stream of eye-catching videos, TikTok can be addictive to young brains. In 2024, UK children spent an average of 127 minutes per day on the app; that's twice as much as in 2020. Excessive use can interfere with young people's sleep patterns – often leading to irritability – and distract them from other, healthier activities. The instantly skippable nature of bite-size videos may also impact children's ability to maintain focus.

IN-APP SPENDING

TikTok is free, but users have the option to buy TikTok coins, which can be used to purchase gifts for content creators. Coin bundles range from £9.99 to an eye-watering £99; while that may not sound appealing, the app still generated £7.9 billion in user spending in 2023. TikTok's policy is that under-18s can't make in-app purchases, but it's possible to bypass this with a fake birth date.

Advice for Parents & Educators

ENABLE FAMILY PAIRING

Family Pairing allows parents to link their TikTok account to their child's, and control settings remotely. Parents can then turn on Restricted Mode (reducing the chances of a child seeing inappropriate content), set screen-time limits, make accounts private and manage whether their child can send messages – and if they can, to whom. Children can't alter these settings without parental approval.

BLOCK IN-APP SPENDING

If a child is using an iPhone or Android device to access TikTok, you can alter their settings to prevent them from making in-app purchases. We'd recommend enabling this feature, as it can be quite easy for a young person to spend a significant amount of real money buying TikTok coins to unlock more features of the app – sometimes without even realising.

DISCUSS THE DANGERS

If a child wants to use TikTok and you're happy for them to do so, it's good practice to discuss the potential risks. Ensure that they don't share any identifying personal information, and that they know to talk to a trusted adult if they're worried by interactions on the app. With more teens using TikTok for news, it's also worth talking about misinformation and propaganda, and how to identify it.

READ THE SIGNS

If you're concerned that a child is spending too much time on TikTok, or that they've been emotionally affected by something they've seen, it's important to know how to spot the signs. Increased irritability and a lack of concentration are potential red flags, as is failing to complete homework or skipping meals. Remember, the parental controls are there for a reason, and it's never too late to introduce limits.
